

CERTIFICATE OF APPROVAL

Awarded to:

DIEBOLD ELECTION SYSTEMS GEMS 1-17-23 Version of Voting System Software

This shall certify that the Diebold Election Systems modifications to GEMS 1-17-23 voting system software have successfully met the requirements of the National Association of State Election Directors (NASED). NASED has assigned certification number N03060011723 to this software release. Therefore, the "GEMS 1-17-23 version of Diebold voting system software" is hereby certified for use in the State of Colorado.

This certification will be valid up to, but not including, the November 2005 election cycle. Before this software can be used in Colorado for the November 2005 election, it must be ITA tested to meet Federal Election Commission 2002 standards and be re-certified by the Secretary of State's Office.

*Dated this 29th day of June, 2004
